SinkWrap™

Your Powder Room Storage Solution

La solución para almacenaje en su sala de baño

V2.1.2.14

ENGLISH

THANK YOU

Thank you for purchasing the SinkWrap™ storage unit. We trust that this product will provide you with a creative and functional solution to end clutter in your bathroom. Our staff of developers designed this product to answer the storage needs that plague small bathrooms and has been rigorously tested in our labs to ensure its durability. If you need assistance with assembly of this product, or if you have questions related to this product, we invite you to contact our customer service department at 1-866-395-8112.

CARE AND CLEANING OF VANITY

Dust the vanity frequently with a clean, soft, dry, lint-free cloth. Clean the surface by rubbing in the direction of the grain. Avoid using silicone cleaners and waxes.
Clean up excess water and spills immediately. Use blotting rather than a wiping action. Water left over a long period of time will cause white spots in the finish. Please note that some chemicals may damage the finish.

ESPAÑOL

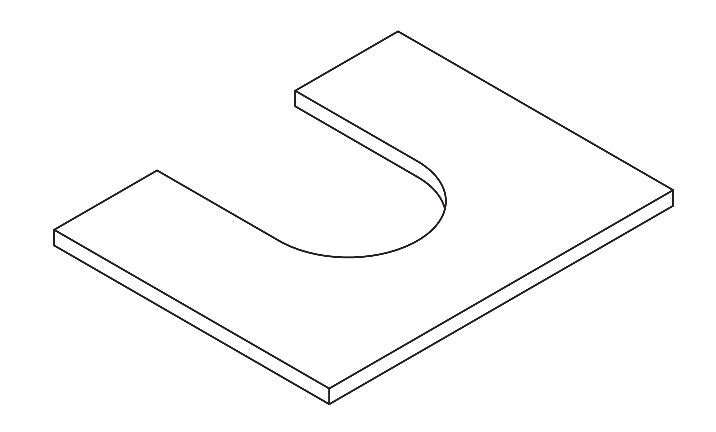

GRACIAS

Gracias por comprar la unidad de almacenaje de SinkWrap™. Confiamos en que este producto proveerá de usted una solución creativa y funcional al alboroto del final en su cuarto de baño. Nuestro personal de reveladores diseñó este producto para contestar a las necesidades del almacenaje que plagan pequeños cuartos de baño y riguroso se ha probado en nuestros laboratorios para asegurar su durabilidad. CUIDADO Y LIMPIEZA DE LA VANIDAD

Saque el polvo de la vanidad con frecuencia con un trapo sin pelusa limpio, suave, seco. Limpie la superficie frotando en la dirección del grano. Evite usando limpiadores y ceras del silicón. Limpie exceso del agua y los derramamientos inmediatamente. Utilice borrar algo que una acción de barrido. El agua se fue durante un largo periodo del tiempo causará los puntos blancos en el final. Observe por favor que algunos productos químicos pueden dañar el final.
